

6 YEAR WARRANTY

A unique ultra efficient lightweight LED Light. Ideal for use indoor or external environments. Ideal for areas where the lights are on many hours of the week. Using the industry's best components with LM79 test data to provide greatly increased long term reliability.

The tough bracket with locking bolts allows wall mounting as a flood light

PRODUCT FEATURES:

- 250/400 Watt SON/ metal halide high bay replacement
- Philips LEDs
- IP65 rated
- 130 Lm/Watt
- 6 Year Warranty

150 Watt Ultra Bright Hybrid Low/High Bay/Flood

PHILIPS
LUMILEDS

LM-79™

The HBL-150FD high bay is designed to replace 250/400 Watt SON/metal halide fixtures using the highest spec Philips SMD solution. The Lumen efficacy can exceed 130 Lumens per Watt. More light for less power.

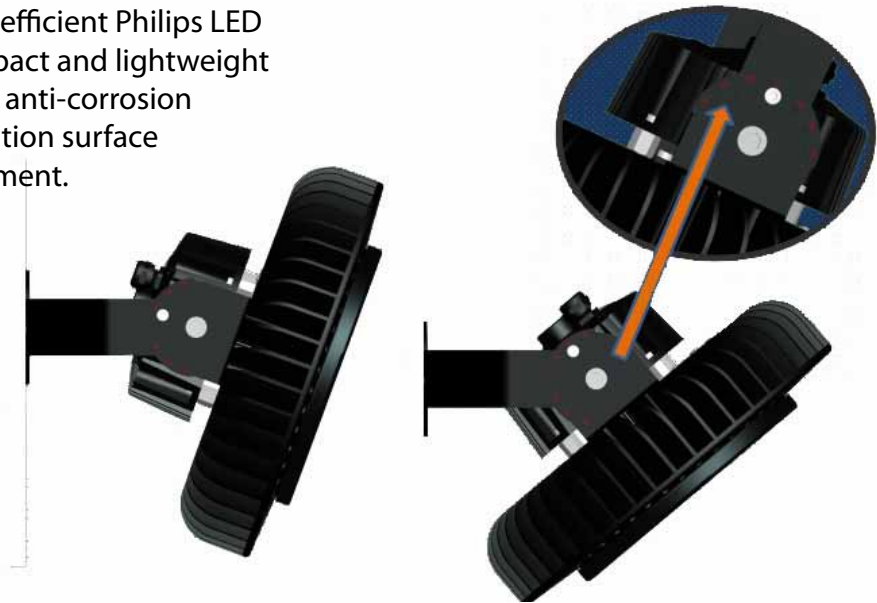

Class leading Lumens per Watt, tough construction & multiple mounting options for simplicity and ease of use.

A high/low/flood bay for most indoor and some outdoor applications that will deliver exceptionally low lifetime cost of ownership.

Exled make unique and tough LED products. Full lighting design services available.

- Ultra efficient Philips LED
- Compact and lightweight
- Black anti-corrosion oxidation surface treatment.

Product Code	HBL-150-FD	Operation Temperature	-30°C ~ +45°C
Power	150 Watt	Colour Temperature	5000-5500K
Input Voltage	AC100~277V	CRI	>75
Lumen Output	19500 lm	Weight	5kg
Dimmable	1-10V Option	IP Rating	IP65
LED Lifetime	+50,000h	Beam Angles	120°
AC Input Frequency	50/60Hz	Guarantee	6 years

The useful bracket allows the HBL-150-FD to be mounted as a low bay overhead, or as a wall mounted floodlight. A ring is also supplied for standard high bay suspension mounting.
